i2 Newsletter April 2103

WEB site launched

We have just launched our exciting new WEB site. We have included details of some of our recent successes along with photos of the staff and we would love to have your feedback.

Take a look. www.i2m.com.au

i2 Management selected for Autonomy iManage

The Melbourne arm of the national law firm Gadens Lawyers has selected i2 Management as the preferred supplier and implementer of an Autonomy iManage solution for document and email management.

MFD Rollout with iManage integration

We have just completed a successful project to rollout 118 new devices to the County Court of Victoria. Included within this project was the integration of WorkSite with the new HP MFD M525c which provide for:

- Scanning directly into workspace folders
- Printing documents directly from the workspace or folder
- Searching for workspaces, folders or documents directly from the device.

This year our teams raised **\$27,500** for the MS Australia's 'Go for Gold' Scholarship programs. Congratulations to all our participants and to all those who assisted with donations and moral support.

iManage Mobility

The iManage Mobility road show continues with a recent trip to Brisbane, show casing the various options available with Autonomy iManage. If you haven't seen this yet Fiona will be happy to organise a demonstration so you can see what all the excitement is about.
