compareDocs

Document
Comparison
Technology

Key Benefits

- Streamlines the document review process
- Provides paper-based, image-based and text-based comparison workflows
- Reduces risks and possibilities of errors
- Enables users to meet industry and government compliance requirements
- Integrates with business applications and systems

i2 Management is a proud reseller of the compareDocs software provided by leading software vendor DocsCorp.

compareDocs is an industry leading specialist comparison product used extensively around the world by major law firms, including the likes of Linklaters, King Wood Mallesons, Minter Ellison and Baker & McKenzie.

compareDocs uses leading-edge technology to compare the difference between two documents with incredible accuracy and reliability across all document types

compareDocs integrates with business applications and systems to give unparalleled levels of efficiency in the document comparison process.

compareDocs will compare paper documents; image files; MS Word documents, PDFs and output the comparison as a MS Word document. Accept and/or reject changes in the document using MS Word's track changes functionality or output as a redline report.
