Successful deployment of HP Autonomy iManage

Hunt & Hunt is a National firm with offices in all the Australian capital cities and Shanghai. i2 Management has successfully completed the project to deploy the HP Autonomy iManage product for integrated document and email management.

With 450+ plus users nationally, i2 took on the challenge to provide end user training in an effective staged manner while at the same time providing the expertise to migrate over 5 million documents.

New Managing Director

Andrew Calladine has taken on the role as the Managing Director of i2 Management. With 25+ years' experience within the computer industry, a strong background in software development and a focus on applications support, Andrew is targeting growth within the company driven by the applications division.

Interform re-appointed at the County Court

After completing the 10th year of operation, it was announced in September that Interform (a fully owned subsidiary of i2 Management) would again be re-appointed for a further 3 years at the Victorian County Court Facility. Interform provides System Integration Services to the Court users including a fully manned help desk responsible for resolving the full range of IT related issues.

ActiveDocs Incentive

Our relationship with Caseflow and now with ActiveDocs has placed us in a position where we have been able to negotiate a great incentive for Clients to include ActiveDocs as part of their automation solution.
